

Geography is the study of areas of the world — like **REGIONS** or **COUNTRIES** or **LANDS**. As we explore water and land and how they **INTERACT**, we gain respect for the world around us. There are some interesting **GEOGRAPHY** facts in the two-page story on Baja on the website. **HINT:** Try reading the story first, then read the questions. When you go back to the story, you will recognize the answers to the questions because you already know what the questions are!

The Bodacious IV crew needs your help to understand the lands we will sail past. Come onboard!

Which two states in the United States share the border with the Baja Peninsula? Name them!

1	The Baja Peninsula is a part of the country Mexico. What continent is Mexico a part of?
